

Printing From a Mac:

To print from a Mac (from within an application), choose **Print** from the **File** menu. The print dialog box will appear, giving you a chance to define your Mac print specifications as illustrated below. Click on the **Print** button.

👉 Printing from a CAC Mac:

1. Adjust your page setup
Before you print your document, you may want to change the paper size, scale, or image orientation. To do this, choose Page Setup from the File menu, then choose Page Attributes from the Settings pop-up menu.

2. Select **Print** under the **File** menu
3. Make sure that you have the right printer selected in the printer select box. (it is either your department network printer or your classroom printer).
4. Set the requested number of copies.
5. Set the requested page range.
